What a great gift idea! These are perfect for those that have everything or just when you want to give 'a little something'... and so simple to make.

Tools you'll need...

[Crimping Pliers](#)
[Cutting Pliers](#)

...And Materials

30 – 40cm's [Tiger Tail](#)
6 x [Crimps](#)
Assorted Beads to suit your style
Assorted Bali Silver [spacers](#)
3 x Small Pendants or charms
(you can also use a small bead)
1 x [Brass Bookmark](#) or
1 x [Key Chain](#)

What to do...

- Lay out 3 rows of beads into your selected pattern making each a different length
- Measure these to get the overall length of tiger tail required. Add about 15cms to work with
- To attach your first length, thread a crimp and bead onto the tiger tail and bring it through the ring of the bookmark/keychain. Take that end back through the bead and crimp. Fasten the crimp
- Thread your first selection of beads
- Finish off by threading a crimp and bead or charm, bring the tiger tail back through the crimp around the bead/charm. Tighten and fasten the crimp and cut of the tiger tail
- Repeat this step for each of the three strands

Hints...

You can also use one larger focal bead at the top and bring all three lengths of tiger tail through that, as seen both below and above
